Inspected By: _____

Right of Driveway _____ Left of Driveway _____

Applicant agrees to the following:

- To provide a location on the premises where the meter can be located and accessible at all times from the purpose of maintaining/reading/testing/inspecting/connecting or suspending services, or any other purpose which is proper and necessary in the conduct of the Inman-Campobello Water District's (ICWD) business.
- The meter will supply water service to only one dwelling/residential unit/mobile home or any other type of commercial unit per parcel. If the meter is supplying water service to more than one, the applicant agrees and will be required to purchase at least a 1-inch meter or larger.
- Once the meter has been installed the account will be active and the applicant will receive monthly bills, unless the applicant has requested this and agrees to notify the ICWD when the account is to be made active.

Please initial the box if you want your account to be made **ACTIVE after the tap has been installed:**

☐

Please initial the box if you want your account to be made **INACTIVE after the tap has been installed:**

☐

Please initial the box you have received 1 flag with instructions for where the flag will need to be placed on your property. The flag will indicate to the ICWD crews the location in which you would like the tap/meter installed.

☐

Please initial the box if you are going to place your flag on the property today:

☐

****Please be aware that by initialing this box you are stating that all locates on your property are clearly marked, that the provided flag is marked to show the desired meter location and if in a subdivision the stub out marker accurately depicts the stub out location. If the ICWD attempts to install the water tap/meter and your property is not ready for installation, a fee of \$100 will be applied to your account, the tap installation will be moved to the bottom of the pending list and can not be moved for any reason.**

OR

Please initial the box if you are going to call the office once you have placed the flag:

☐

****Please contact the ICWD once your property is ready and you have placed the flag. After ICWD has been notified, ICWD will attempt to install the water tap and meter. If your property is not clearly and accurately marked, the flag provided is not in place to show the desired meter location and if in a subdivision the stub out marker does not accurately depict the stub outs location, a \$100 fee will be applied to your account, the tap installation will be moved to the bottom of the pending list and can not be moved for any reason.**

After you have placed the flag on your property, please contact the ICWD office at (828) 863-2295 and press "3" for Customer Service to let us know the flag has been placed.

It is imperative that you place the flag in the area you would want the tap/meter to be made and contact the ICWD 2 weeks from the date of purchasing your tap/meter. If notification is not received, the ICWD at its discretion, will choose the tap location and proceed to install the tap/meter.

Applicant Signature:

I acknowledge, the Inman-Campobello Water District (ICWD) has provided me with the ICWD website address, (www.icwd.org) to access the water rate schedule of fees and rules and regulations of the ICWD. I have been advised I will receive a monthly bill with a due date of 20 days from the date of the bill, and that should I not receive a bill, I am responsible to contact the ICWD office to verify the bill amount and the due date and will not hold the ICWD responsible for bills that I did not receive due to U.S. Postal deliveries. Should my mailing address change, I agree to notify the ICWD regarding the change to ensure I will receive my water bills.

I agree to pay all charges incurred until I have given notice to discontinue my service with the ICWD. I understand if the balance on my account reflects a past due amount and my account has been charged a non-payment fee, my service will be subject to disconnection. The past due amount and the non-payment fee must be paid to have service restored or continued. Should my account be turned over to collection via the South Carolina Setoff Debt Collection Act, I agree to pay all costs of collection of the unpaid debt.

I agree that when applying for service to be turned on as a new service or restored service due to disconnection of non-payment, that I as the owner/tenant/landlord are responsible for any damages incurred to the property for water left running inside or outside of the dwelling.

ICWD SUGGESTIONS TO CONSIDER ABOUT SELECTING A LOCATION FOR YOUR NEW WATER METER

IN ALL CASES METER BOX WILL BE INSTALLED WITHIN A FEW FEET OF THE ROADWAY.

1. If your well is in front of your residence you may consider placing your meter close to your well and using the existing service line to minimize the expense of the new service line.
2. Commonly customers install a new service line directly under the house.
3. Connecting to a well line outside the house is another option even if the well is in the back of the residence.

THE ICWD RECOMMENDS THAT YOU CONTACT YOUR PLUMBER OR THE ICWD FOR ADVICE PRIOR TO PLACING YOUR METER LOCATION FLAG IF YOU HAVE QUESTIONS OR CONCERNS.

YOU MAY ALSO CONSIDER USING A LARGER DIAMETER SERVICE PIPE BEHIND THE METER OTHER THAN THE STANDARD 3/4" IF YOUR RESIDENCE IS MORE THAN 100 FEET OFF THE ROAD TO ENSURE ADEQUATE VOLUME.

IMPORTANT: The SC Department of Health and Environmental Control mandates that no well lines remain connected to plumbing served by a public water system. Wells may continue to be used independently.

***AFTER PLACING YOUR FLAG PLEASE CALL
THE ICWD CUSTOMER SERVICE DEPARTMENT***

@ 864.472.2858, OPTION 3

"THANK YOU"

ICWD CROSS CONNECTION QUESTIONNAIRE

For Office Use Only:	
Tap # :	Application Date:
Customer Account # :	

Name: _____
